Block Plant

	1	2	3	4	5	6	7	8
1. Kiln Number								
2. Kiln type: Tarp, Tent, Concrete								
3. Blocks per Kiln								
4. Weight per block								
5. Rack Material / Pallet Material								
6. Qty of Racks								
7. Weight of Racks (each)								
8. Qty of Pallets per Rack								
9. Weight of Pallet (each)								
10. Kiln Insulated or Not								
11. Load time, hrs								
12. Preset time, hrs								
13. Preset temperature (winter) °F								
14. Temperature rise rate °F / Hr								
15. Hold time, hrs								
16. Desired Hold temp, °F								
17. Coldest ambient temp, °F								
18. Kiln Dimensions (feet)								

Main electrical power (circle one) 575V / 3 Phase / 60 HZ or 460V / 3 Phase / 60 HZ or 230V / 3 Phase / 60 HZ
 Fuel (10 PSIG required, 15 PSIG recommended) Natural Gas or Propane or Diesel / #2 Oil

Please attach sketch to include Steam Generator placement with full plant site layout and bed dimensions (L x W x H).
